Family A	Position of individual in family	Relationship which links the family with the band
28    △    Gao	Hu of 29 and 32, So A of 34	<p>Headman. /Gao (deceased) was the Fa of Gao 28. /Gao's place was Gautscha. He was the younger Br of Debe, deceased headman of Band 1. /Gao had 2 wives, Khwova (deceased) and her younger Si Xama 34 who is the Mo of Gao 28. The brothers Debe and /Gao branched into two bands, shared the same water-hole, and divided the territory in a sense. <del>When the required years of matrilineal residence were fulfilled,</del> Gao 28 brought his two wives to live in the Gautscha territory, where he had grown up in his Fa's band and where he is headman of his band.</p>

The pattern of residence wherein the wife lives with the husband's people is followed throughout by Family A. The 2 daughters of Khwova, /Gisa and //Kushay, live with their husbands' bands, as do the two daughters of Xama, the full sister of Gao 28. One is Zuma, whose Hu, Gao, is So of the headman of Band 24 and who visited Gao 28 most of the fourteen months we were there. The other is Dilai in Band 7. She is a woman perhaps about thirty with three children. Her Hu, Gao (cf. /Gasa 61), is in matrilineal residence with his second wife, a beautiful young girl named /D8, granddaughter of old /Qui, the headman of Band 7, who is the Br of Xama 34, Dilai's Mo.

1. This /Nisa d., mo of /Qui, <sup>24 above</sup> was first wi of /Gao<sup>22</sup>. She was the Si of Gao 14, who is Fa of the /Nisa /Gao is now married to.

\* He brought the flu when he visited Di'ai and /Nai at the time her engagement to /Gunda was under discussion. He is in additional persons list.

!U 2 is the principal factor in the existence of Band 1 as a band at Gautscha. She remained at Gautscha, the band's permanent water hole. Di|ai, her Si, though older, left and went with her 2nd Hu Gumtsa before their divorce. Di|ai's first Hu was #Toma - not ours, a man of same name. She lived with her Fa, Debe, during her marriage with him. !U did not leave the Gautscha area. Debe, Fa of !U and Di|ai, was headman of Gautscha. We met !U's first husband 523 the very tall bushman from Gam - find how in

#Gao 6, !U's younger Br, will be headman of Gautscha when he grows to manhood. #Toma, !U's Hu is acting as leader meanwhile.

Gao<sup>406</sup>, the older Br of Di|ai, !U and #Gao<sup>5</sup>, who would, as the eldest son of Debe, be expected to be headman of Gautscha if he had remained there, now lives with his wife's people. Intending to remain with his wife's people, he renounces headmanship of Gautscha. Gao's family are:

Band 21 | gum'guri and Kubi

406 Gao	408 /Naoka, da of Gao and /Gasa	
407 /Gasa	409 /Gaishay, Hu of /Naoka above	
	410 Debe, so of Gao and /Gasa	
	411 Di ai, Da @ " " "	8 persons
	412 !U, Da " " " " , a baby	
413 /Naoka,	Mo of Gao who lives with him	

They live, it is said, at Kubi, where it is said Gao words for Kati Kuana

and it was said they go to or live at !Gum|guri.

Debe d., Fa of Gao, Di|ai, !U and #Gao, had a brother #Gao who was Fa of Gao headman now of Band 2.

#Toma 1, Hu of !U, came from Band 12 of Gam (Gam I). His Fa was Tsangao, his Mo Di//khao. Tsangao was killed in a sort of accident (See ) by Gao<sup>161</sup> (scarf) of Band 12 whose Fa was /Ti|kay. It was said (see ) that #Toma's Fa and the Fa of Gao<sup>187</sup>, present headman, (i.e. Khami), were Brs. This may only have been that the term Br was used between them. We did not know of the factor of the name at that time. The genealogies do not show them to be biological brothers; the genealogies may not be complete but it seems likely that if they were brothers this would show.

#Toma's Fa's siblings' offspring are at Gam. His mo's siblings' offspring are at Gam. One MoBrSo is Tsangao, m. to Bau<sup>153</sup>, da of /Ti|kay, 145 Band 9. Another relative is 11ao 500 Triangle Affair.

Old Gau's MoBrSo is #Toma, hu of /Gam, Band 2. His Br is #Gao, hu of Khwo//o /Gasa of Deboragu, Band 54 His BrDa, i.e. #Gao's Da, is //Kushay, wi of Gao's headman of Band 2. Gau has affiliations also at Gam, Kai Kai, Gawa and Cho/ana. His MoSi is /Naoka 413 who is Mo of !U 2 etc.

/Qui<sup>7</sup>, hu of //Kushay, has many affiliations. His Fa, !Naishi, had three wives. One of /Qui's half Si is Khwo//o, Mo of /Gao Music in Band 1. A half Br is Demi, headman of Band 6. His FaSiSo is #Gao, headman of Band 10. His FaSi is Di//khao, wi of old /Gaishay (Fa of Gao Medicine) headman of Band 4. /Qui's Fa !Naishi is Br of #Gao's Mo, (i.e. #Gao, hu of Bau and !Ghia, headman of Band 10).

Gao 14 Medicine: his Fa, old /Gaishay, is headman of Band 4 at Deboragu. /Gaishay's Fa was Gao d. who had 4 wives. //Kushay of Band 7 is /Gaishay's Si. Half siblings of /Gaishay are: /Ti!kay (ours), headman of Band 9; also //Kushay Mo of !Ghia in Band 9; and #Nisa Mo of Bau in Band 10; Debe, headman of Band 24 in Cho/ana.

Gao Medicine was married to Dilai, !U's Si, around about 1948 we think. Their So was under a year in 1950. He is in "residence" with Dilai's people and bfrings with him his first wife, their grown daughters with their husbands (i.e. Families D, E and F) and a teen-age son /Gaishay. Gao will be headman of Deboragu when his Fa, old /Gaishay dies, he says.

/Naoka 15, first Wi of Gao Medicine is the Da of //Nami d. who, she says, was headman of /Amchoa. /Naoka has 2 Brs.: Bo, Hu of Bau, and //Nao, Hu of Khwo//o. Bo visited at Gautscha. His family is:

/Gao 22 Music (See 622, Jan. 23, 1953) is said to be a "headman" at Tsumkwe and Dauku (an open place over first sand dunes toward Chasis).<sup>66</sup> His Fa was /Qui d. His Mo is Khwo//o 25, Si of /Qui 7 Neanderthal, Hu of //Kushay.<sup>67</sup>

!U's Br Gao (see 622, Jan. 22, 1953) said that Gautscha was the place of his Mo, /Naoka<sup>413</sup> N/ua/nle also was her place. Is this not Nyae Nyae? He said his Fa Debe's places were Twe, Bati, Karu on the other side of Nama (Karu is dry in dry season), Kausa (pronounce Cowshay - is this Kautsa?), first pan so. of Gautscha, also Gautscha. These places are all presumably - as far as we know - near Gautscha. Debe belonged to in the Gautscha area.

/Gaishay d. (see !U's genealogy) and ≠Gao d. were 2 headmen who used to get water at Gautscha. ≠Gao is Fa of Gao Helmet. This /Gaishay is the Fa of /Qui, /Naoka and !Nai, the latter 2 being /Ti|kay's wives, Band 9. Debe, !U's Fa was the "bigger headman."

Gao Scarf from Band 12 (Gam I) came several times to visit at Gautscha. He usually settled in ≠Toma's part of the werft, in spite of the fact that he as a very young boy had killed ≠Toma's Fa with a poison arrow. There seemed to be no bitterness between them. His family is:

An old man Gao and his son /Qui<sup>203</sup> and a woman Chi!kho from Zam (who had two sons, //Nao 215 and //Nu) did the same. See notes on <sup>214</sup> Band 12.

Gao, /Ti!kay's Fa, who had 4 wives, had following places: (See 621, LKM or 101) Deboragu, Gumtsah, Gnooh, Namchoah, KonKana (LKM says this is permanent water. Even when it looks dry, scratch and there is water.).

Band 10

Tsumkwe

10-4

Gao d., Fa of our /Ti!kay (headman, Band 9) had 4 wives. They were (1) Khwo//o, (2) Khokove, (3) //Gao and (4) Khokove. /Ti!kay would never give his genealogy, so we have only pieced together a part of it. Among Gao's offspring are old/Gaishay, headman of Band 4, and his Si //Kushay, Mo of /Khoa, who is Wi of Ti//khao, Band 7. Their Mo was the first wife, Khwo//o. /Ti!kay's Mo was Khokove, the 4th wife. Debe is a half Br of /Gaishay and /Ti!kay (Debe in Cho/ana). I do not remember which wife was his Mo.

A propos of Band 10, the relationship is as follows: Gao d. by his 2nd Wi, Khokove d., had 2 daughters. They both married Khami d.; ≠Nisa 171 has 3 offspring; Bau 165 the oldest, Gao 174, then /Qui 176. Gao, as the older of the 2 brothers is now headman. //Kushay 158 has 3 offspring, among them a Da, !Ghia 167. Both Bau and !Ghia are married to ≠Gao 164 of Band 10. Khokove 157, //Kushay's other Da, Si of !Ghia, is in Band 9, with her Hu /Tuka 156. //Kushay 158 lives with them.

≠Gao 164 and Bau 165 have 2 children; Khuan//a 173, Wi of /Qui 172, and !Ungka 166, a baby girl (with a Mongolian spot). /Qui 172 has brought with him into Band 10, for the present anyway, his Fa //Ao 179, his Mo ≠Nisa 180; his Si Khuan//a 185 and her Hu //Nao 184 (This //Nao is Br. of /Naoka who is Wi of Gao Medicine); /Naoka, 2nd Wi of //Ao and her 2 children. ≠Nisa 180 and /Naoka 181 are Si.

≠Gao is the Y Br of !Naishi 81, Band 5. Their Fa was ≠Toma. Their Mo was Khuan//a.

≠Gao's MOBr was !Naishi, Fa of /Qui Neanderthal 7, Band 1, and of Khwo//o 67, Mo of /Goishay and /Gao Music.

Bau, 1st Wi of ≠Gao, was Da of Khami and ≠Nisa. Her Fa was headman of Tsumque, she said. Bau's Mo is ≠Nisa, who is a Si or half Si of /Ti!kay (Mo of Khokove). ≠Nisa and /Ti!kay have same Fa, i.e. Gao.

!Ghia is Da of //Kushay, who is Si of /Ti!kay in Band 9. //Kushay 158 is co-Wi of Khami d. with ≠Nisa 171, Mo of Bau. //Kushay and ≠Nisa are sisters.

≠Gao, it would seem from studying his group, is not headman but is living with his wife, Bau, in the place where she grew up, Tsumque. He acts as leader. We referred to him as headman and judged him to be so. ≠Gao and Bau have no sons. Gao, Br of Bau, is headman and may act as leader when ≠Gao dies. ≠Gao is a very fine capable man and leader.

!ghia's Si Khokove 157 <sup>Band 9</sup> has a da. //Kushay Sept 12 1961  
720 p.6

!Ghia went for veldkos to Gura.

≠Gao says his Fa was ≠Toma who was (a) headman at Devaraco<sup>1</sup> (Deboragu?)  
≠Toma had 2 wives, Khuan//a, ≠Gao's Mo, 2nd, and another, 1st, whom ≠Gao  
did not know.

Bau's Fa, Khami, was headman of Tsumkwe. That is where they live now -  
Bau and ≠Gao.

From LKM's book -

Khami is dead (Hu of ≠Nisa and //Kushay, Fa of Bau and !Ghia.)  
Khami owned Tsumkwe.

His son, Gao, ≠Nisa's son whose wife is Di//khao, now owns it.  
Gao is Br of Bau and half Br of !Ghia. Br of //Ao and /Qui also.  
/Ti!kay's place is Khumsa. ≠Nisa has a Br at Chadum.

Some of the second segment of Band 12 were at !Gai in rain. No water at time we were there. They ate tsa. They also go to //Gon//gana.

Old woman //Kushay 197 is old wise woman, interpreter of dreams. Lives with Bau 196. She came from //No!gau.

Mangettis of (see map) belong to Band 12.

Band 12 is affiliated closely with Band 13 (Gam IV) and Bands 15 and 16, //Gon//gana (Gam V).

!Kham, Fa of Gao 187, was headman of Band 12 (Gam I). When he died /Ti!kay became headman. This /Ti!kay was the Fa of Gao Scarfaand /Qui Hunter, and Br of Xama d., Mo of /Qui guide, Hu of Di!ai. When he died, Gao 187, the So of !Kham, was old enough to assume role of headman and did so.

"The other /Ti!kay 248 who appears in the Band 12 Genealogical chart, p. 2-3 is the young man of Band 13 who had three wives, the Bau d. above, //Aha, and /Khoa 193 of Band 12. /Khoa left him while we were in Gam. He is half Br of /Gasa, Wi of Debe in 13, and Br of Bo d., who was Fa of Sebe, Wi of present headman, Gao 187 of Band 12.

Gao 199 (Band 12) is the old man whom Dam tells about. See note on this in data on Band 2. The material came mostly from Dam's genealogy. Gao 199 and his So /Qui 203, together with Dam 54 (Band 2), Hu of  $\neq$ Gisa, and his Fa and a woman now in Band 12 named Chi/kho, with her 2 sons //Nu212 and //Nao 215 all came from a place called Zam on the omarumba west of Gam. The water at Zam dried. Some of the band died (the account does not say as a result of the drying water). The band was, anyway, lessened, too small. Gao and Dam's Fa had connections with !Kham, then headman of Band 12, i.e. Fa. of Gao 187, present headman. Chi!kho and her sons also had connections there. They all came and asked !Kham if they might live with him. He agreed and there they are. They are now inter-married with the Band 12 as follows: The old man, Gao, is m. to //Kushay 200. His So, /Qui 203, is m. to /Khoa-//Haru, who is Mo of Sebe 188, Wi of Gao 187, headman of Band 12. ○

/Gaishay came from /Gau/ga. /Gaishay told us he stayed at ≠Go≠gove with ≠Toma and goes also to //Gon//gana when water is finished at /Gau/ga. This

is an example of band breaking up. /Gao 338, see below, comes from /Gau/ga. Interview with this /Gaishay is on back of a genealogy of /Khoa, 254, Wi of /Qui 253, Si of /Gasa in Band 13, Gam IV. /Ti|kay 282, headman of 14 (Gam II) also goes to /Gau/ga. /Gaishay says there is no headman at //Gon//gana. "We just drink the water there." ≠Toma of Band 16 said Zo/oa was headman. /Gao 338, Hu of Di|ai 339, Band 16, said, "We do not know who is headman of Gam that we can ask water. We are just going to take water. This note is on back of /Khoa's genealogy, i.e. /Khoa 254, Wi of /Qui 253 of Band 13.

Gun ga or /Gun/ga - You go from Gam and come back in one day. The old man, /Gaishay, who lives with ≠Toma at ≠Go≠gove and //Gon//gana, mentions being also at (variant sps.) Gauga or /Gun/ga. /Gao 338, Hu of Di|ai 339 of Band 16 (This is the Di|ai who brought up her Si /Khoa 254, who is now Wi of /Gasa's So /Qui 253, Band 13) comes also from /Gau/ga. /Gaishay said he was /Gao's headman.

336	○ /Khoa	A widow	- no data

I know nothing about these. Watch for data. In data on Band 16 we find there used to be a headman named /I|nao, long dead. This man, according to the custom of naming, could be his grandson.

Band 15 is a fine example of patrilocal residence and brothers living together.

≠Toma had an elder Br named Gao d. married to /Khoa d. Gao's children, /Gao and Xama live in Kai Kai now. Point of this note is that the data say Gao and ≠Toma, brothers, lived together at ≠Go≠gove and Dom|na.

And ≠Toma's y Br, Ti//khao, lives with him now. His Si /Khoa is in Band 13. She is Mo of /Naishi there who is living with his Wi.

Kai Kai. ≠Toma 310 has a BrSo /Gao and his Wi /Khoa with their So //Ose at Kai Kai. Also the Si of this /Gao, named Xama, with her Hu ≠Toma is there.

Bands 15 and 16 are closely related. An /I|no d. was headman of 16. There is an /I|no in 15 now. (Or is this /I|nao? EB)

Also 13. ≠Toma's Si /Khoa, Mo of !Naishi is in 13.

Khan//a 330 has a MoBr ≠Gagu m. Ho Khuan//a. He says they are at Kautsa far to the south where there is a farm of Europeans. I wrote the name Gautscha before.

Water

≠Toma, a man in V (Gam) //Gon//gana, now Band 15, says his place is ≠Go≠gowa and Dom|na. The name of his group is Dom|na. In the dry season, when there is no water at either ≠Go≠gowa or Dom|na, ≠Toma says he "asks water from Zo/oa at //Gon//gana." I asked, "How is Zo/oa related to ≠Toma?" "We are all Bushmen," he said. Zo/oa is headman at //Gon//gana of Band 16.

In July 1952 there was no water at //Gon//gana or very little. Bands 15 and 16 came to Gam and ≠Toma asked water there, making their werfts near Band 13, Debe's band, where they have relatives. (This data is in interview of Aug. 20, 1952, in ≠Toma's 310 genealogical material of Band 15.)

358 In, the old man with pointed beard, whose son had an infected hand, visited Gautscha in September, 1952, with several other people - i.e. 4 other families of about 20 people in all. I do not know their genealogies. They built skerms near Toma 1, Band 1. One child had infected head. Everyone was cured by Bacitracin ointment.

Affiliations

Affiliations were with /Ti|kay 145 (ours, of Band 9). They lived at his werft. Built skerms. The headman /Ti|kay had a very broad face. Our ≠Toma said he was a good man and a good friend of his.

They visited I think in October, 1952, at Gautscha. This can be looked up.

At Venters, near Kubi, there is a band.

Debe's Fa was Gao d. His Mo was

Debe is half Br of old /Gaishay who is Fa of Gao Med. /Gaishay's Mo was Khwo//o.

Debe is half Br of /Ti|kay 145, Hu of /Naoka and |Nai.

Debe's Fa's, Gao's, place was

DeboraguGumtsahGnoohNamchoahKonkana\*

(See LKM, 101 or 621)

\*What Konkana would this be?

This is the band which came to Cho/ana when we were camped there during the rains in 1953. They made skirts of leafy branches instead of grass. They lived beyond Moremi to the east of him in the other side of the W.N.L.A. road where it leaves Cho/ana to the eastward. We have pictures.

They came from the Chadum direction.

Matadu is the Bushman guard there.

437△ /Ti!kay

438○ !Ungka - who is she?

439△/Qui, So of /Ti!kay, is married to Khuan//a, Da of Naishi 81, Band 5 and is recorded in residence with her. She is the musician.)

A

1. Said to mean - Saman | !Hama - water hole; ga ga = red eyes.

440 Gumtsa Headman

Gumtsa's Fa, a former headman of Chasis was Gao d., who had it is said 10 wives. That I do not believe. One of his sons is Gumtsa. He is regarded by Mr. Morris as headman. (LKM note in 312 or 423) (See 484, June 27, 1953.

A group of !Kung men were working on the road 1956 in Samangaigai. These men came from the Chadum omarumba. They had their wives and children who stayed at Samangaigai. They were not from Chadum itself, the place where Gao, Br. of !U, went. Gao Hunchback was there too in 1956.

*This is not the group of Nsila who came to Chis/ana which is Band 25*  
A group was working permanently with Matadu, the Bushman guard, 1956, LKM said.

Band 8

Gura Band was listed first as 58  
by count of persons who came  
Day of Eland Sept 24 1952

In that 58 it turns out were:

- 1) Khan came man + his family - 6 persons.
  - 2) Bor Bau who we knew as from cigarette  
4 persons (estimated 2 children)
  - 3) another couple. Estimated two children - 4 persons
- Total 14 visitors to the band

P.S.  $58 - 14 = 44$  - let us say C. 40  
In Manna's paper I said 47. Do not now remember who

It does not matter. Let it be as it is.

notes and changes in Band 10

Band 10 families A-B are with Wilkey  
at Tseunkwe.

I got in the 1961 notes the information  
that # Gao<sup>164</sup> and Ban 165 have another  
daughter I have it as 'Kugka' - M. to / Qui  
with a baby named # Niso.  
This is a confusion with da. Kugka No. 166,  
which is wrong?

Re Sao r Nisa

U's genealogy does not exactly agree with the charted material. She was reluctant, inaccurate confused in giving the geneo. material. I trust Gao Medicine's geneo like U's.

U says 1 Gai slop r 1 Gao are at cigarette (med) Gao said from Gao that check ok.

U says 1 Gai slop is a Da of Klu. Gao says she is a da of Sao r Nisa's da. 11 Kuslay or are there 2 Gai slops Ha b 1 Gao

U says 1 Naoka m. & 1 Nani is Da of Sao r Nisa Gao says she is Da of 1 Gai slop d. who was so of Sao r Nisa hook up it ever important in m hand written 10
